This qualification approval is subject to the conditions and restrictions as stated in DOD Manual 4120.24-M, SD-6 and as listed below.

To maintain the listing of the products on QPL 83536, you are required to compile a summary of quality conformance data every six (6) months. This is in accordance with paragraph 4.5. In the event there is no production during the reporting period, you are required to submit a report of no production. A DD Form 1718 may be used for this report with those products not produced during the reporting period.

The standard reporting period is June 1 to December 31. Your first reporting period is June 1, 2013 to December 31, 2013 with report due January 31, 2014. A report is required for each of your products qualified to subject military specification. The original data must be retained by your company and is to be made available to authorized government representatives upon request. Failure to submit reports by the scheduled date will require your company to immediately suspend all shipment of products covered by this qualification.

Because we are held responsible for the accuracy and currency of this Qualified Products List, please notify this Center if your company discontinues production of the products. No changes are to be made in the design and construction of the products qualified without approval of DLA Land and Maritime.

If you have any questions concerning this letter, please contact Mr. Kevin Rudd, 614-692-0594.

Sincerely,

/SIGNED/
